## Introducing Sanet! Howick

Hi! I'm Sanet :)

I'm originally from the South Africa and have been in NZ for over 8 years.

I have recently moved from Wellington to Auckland with my family—2 gorgeous little girls (1 school aged and 1 at Kindy) and my husband Lucas.

### My experience and background...

In Wellington Sanet was an In Home Educator for a short period of time before I she had her second daughter and she just loved it. Prior to becoming a mum Sanet had an administration background. When we asked Sanet why she wanted to join us as an In Home Educator her face and eyes lit up!

**'It's about being in the moment...watching children grow and develop each day. Every moment counts as they are just adorable. I love having my home full with children'**

Sanet holds a current **First Aid Training Certificate**, her home is safe and welcoming and she has some lovely resources available too.
